## WHOLESALE SEED MERCHANTS

108-118 LIGHT STREET

BALTIMORE, MD., April 17, 1926.

There has been no important change in the market price of seeds during recent weeks, the demand has continued very active, and, altho season is well on towards the end, we are getting a large number of small orders every day.

Our trade early was heavy. Mid-season trade was rather light, followed by one of the heaviest trades we have ever had during March and first two weeks of this month. We appreciate your confidence and sincerely thank you.

We have always considered the confidence of the trade our best asset. We thank you for the good business given us again this season.

We do not handle Italian or South European grown Red Clover or Alfalfa.
